

The BandTel SIP Trunk Plan (rev. 111112a)

The BandTel “SIP Trunk Pricing Plan” provides small and medium enterprise business users with incredible price per minute rates. This plan allows the customer to take full advantage of all the features and flexibilities that SIP trunking offers to the world of communications when combined with an IP-PBX or VoIP enabled Legacy TDM PBX.

BandTel’s industry leading Redundant NPlus™ architecture ensures your ability to communicate with your customers.

In addition to BandTel’s redundant network, our failover feature provides connectivity to alternate phone numbers in the event your Internet, PBX or SIP trunks are not available.

Plan Overview:

Each SIP Trunk allows you to place or receive one concurrent call.

- **Each SIP trunk includes 1 Direct Inward Dialing (DID) number at no additional charge ****
- **No limit to the number of DID or Toll Free 800 numbers you can add to the plan**
- **Unlimited DID inbound minutes**
- **500 outbound minutes per trunk, per month.**
- **Build your own plan = Additional minutes are available – (see chart below)**

The SIP Trunk Plan is an excellent choice to for the small to medium size business user, and will allow the enterprise to realize significant savings. Free minutes include interstate, intrastate, and local calling. Minutes do not “rollover” to subsequent months. SIP Trunk service from BandTel is offered with a minimum of four trunks.
